Hope this is what Dr. Cherry wants in terms of broad issues timeline. It covers the project from first receipt to last comments. Lots of time spent on multiple reports and reviews for archaeology and architectural properties. I don't have the number of architectural properties, but do know that we found the ACP would not adversely affect any of them.

I am on a conference call with NCDOT/FHWA and Ann Brownlee.

They have closed the building. So, I plan to leave after the call. So, if you have comments, please provide. Or, if this is okay by both of you, you may send on to Dr. Cherry.

**Subject:** RMB Timeline for ACP

Hello, Phil:

Here is the timeline you requested from the emails and information I have on hand (I am working from home). I am also including a few pieces of correspondence and an email. If I had any notes from the one meeting I remember attending, it would be in Renee's ER files at the office.

You will note my first contact regarding the ACP came from Bill Holman at the Conservation Fund.

I am glad to help you compile this information along with what Renee and John provide into one document. Please let me know how I can help.

Thanks and best,

RMB
